

## BUILD YOUR TEAM FROM THE INSIDE

Lead an inspiring group event by joining Defy on a trip to prison! This unique and immersive service opportunity matches your team's business experience with our Entrepreneurs in Training (EITs) — incarcerated men and women committed to personal transformation through Defy's entrepreneurship program. Typical team-building and volunteer activities may be fun for a few hours, but one day with Defy can create lasting, powerful change for both our EITs and your team.

Everyone deserves a second chance...  
This is ultimately good for the individuals,  
the businesses, and also good for society.
